THE AMERICAN ACADEMY OF EMERGENCY MEDICINE PRESENTS THE
PEARLS OF WISDOM
ORAL BOARD REVIEW COURSE

AAEM'S ORAL BOARD REVIEW COURSE

Each year more than 1,000 residents graduate from the emergency medicine training programs. Most of these graduates seek board certification by ABEM or AOBEM as the next step in their professional development and to help them attain the position of a specialist in emergency medicine. It is a requirement of both the ABEM and AOBEM that each individual passes an oral board examination before board certification status is awarded.

In reviewing comments received on past evaluations, it is clear that many of these graduating residents, while extremely well-trained in the practice of emergency medicine, need additional instruction in the mechanics and format of oral board examinations. Our course is designed to meet this educational need by providing a venue in which the format of an oral board examination is replicated as closely as possible.

COURSE FEATURES

- **CONVENIENT**—same great course offered in six locations to reduce travel time and cost to participants.
- **RELEVANT CONTENT**—format which simulates the American Board of Emergency Medicine oral board examination.
- **REASONABLY PRICED**—lunch included each day for all course participants. Breakfast included each day for those who stay at the course site hotel.
- **EXPERIENCED FACULTY**—board certified emergency medicine practitioners.
- **RECORDED ENCOUNTERS**—examinees are allowed to bring a tape recorder and their own tape to record their encounters.

TARGET AUDIENCE

THIS COURSE IS DESIGNED FOR:

1. Emergency medicine practitioners preparing to take the American Board of Emergency Medicine (ABEM) or the American Osteopathic Board of Emergency Medicine (AOBEM) oral board examination.
2. Residents and practitioners seeking a review of key aspects of emergency medicine.

LEARNING OBJECTIVES

UPON COMPLETION OF THIS COURSE, PARTICIPANTS WILL BE ABLE TO:

1. Discuss appropriate treatment options for several emergency medicine case studies similar to those included in the ABEM and AOBEM oral board examinations.
2. Apply the experience gained in the test simulation to the ABEM or AOBEM oral board exam.

METHODS OF INSTRUCTION

After an introductory session to familiarize participants with the ABEM/AOBEM oral board format, each candidate will be presented with twelve single-case encounters and four multiple-case encounters over the course of two days. Instruction will be provided in one-on-one encounters with members of the course faculty. Candidates will respond to examiners as they would to ABEM/AOBEM examiners. After each case, the candidate will receive immediate feedback from the examiner, who may also offer suggestions for improvement. Between sessions with examiners, participants may enhance their learning in a common study area, where relevant study materials will be displayed. A debriefing session on Saturday allows for an important overview of the exam experience and provides participants with helpful take-home points.

ACCREDITATION STATEMENT

The American Academy of Emergency Medicine (AAEM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

CREDIT DESIGNATION

AAEM designates this educational activity for a maximum of 8.00 AMA PRA Category 1 Credit(s). Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY

All planning committee members and faculty participating in continuing medical education programs sponsored by AAEM are expected to disclose to the audience any real or apparent conflicts of interest to the content of their presentations. AAEM's Education Committee and ACCME Subcommittee have established procedures to resolve conflict of interest.
